

To whom this may concern, I use my XM radio every day for work. I'am a truck driver and need to know of accidents and traffic back ups and detours. This program for 24 hr. traffic is the best yet, all other stations on regular radio you only get every 15 min. or most you don't get. As an over the road driver this is the best ever. Please reject petition 04-160 Thank you .
